

aspire OVERBED TABLE

Aspire Overbed Tables are designed to meet the needs of users and carers in the Home, Aged Care and Hospital environments.

The robust steel frame and the reinforced base mount provide a very strong, stable base and table top.

For ease of use a quick adjustment lever (spring assisted) and two locking castors are included as standard.

The C-shape base is suitable for use around chairs and under beds. Comes with a beige frame and choice of either Laminate top in White or Beech, or Thermoformed Recessed top in Cream.

aspire OVERBED TABLE SPLIT TILT TOP

The Aspire Overbed Table with Split Tilt Top has a top surface which can be tilted and fixed in place to suit the user while the smaller top surface remains horizontally fixed to hold drinks or other items. This can be useful for writing, drawing or using a tablet device.

The same robust frame and reinforced base mount provide a strong and stable platform while the locking adjustment levers eliminate top movement when locked in place.

THERMOFORM SPLIT TILT TOP

accommodates an easy to clean surface which can be tilted for reading or other activities
