

MATTRESS RANGE

Benefits

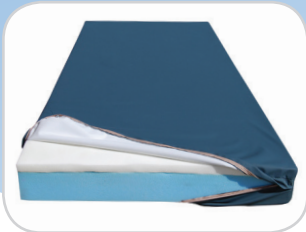

Australian made covers using the highest quality European two way stretch fabric.

- Australian made foam
- Fire retardant
- Unique serial number

Removable Cover:

1. Easy inspection
2. Facilitates better hygiene
3. Fully washable

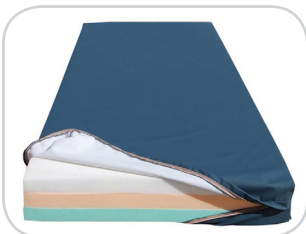

Mattresses do not require rotation, minimising OH&S handling risks.

LIFECOMFORT

Dual layer support surface incorporating a full size memory foam overlay and durable high density foam base. European fabric cover has fully welded seams and water resistant zippers with reinforced waterfall flaps for maximum infection control.

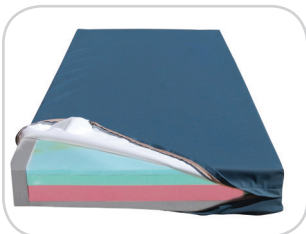

Code	Description	Length	Width	Height	Warranty	S.W.L
BEM046410	Lifecomfort - AC Series Single	2000mm	900mm	130mm	5 Years Foam 2 Years Cover	120kg
BEM046425	Lifecomfort - Small	1920mm	820mm	130mm	5 Years Foam 2 Years Cover	120kg
BEM046460	Lifecomfort - King Single	2030mm	1050mm	130mm	5 Years Foam 2 Years Cover	120kg

LIFECOMFORT DELUXE

Three layer PUPPS compliant support surface incorporating a full size memory foam overlay and two layers of high quality foam for maximum comfort and support. European fabric cover has fully welded seams and water resistant zippers with reinforced waterfall flaps for optimum infection control.

MATTRESS RANGE

ASSET MANAGEMENT

Covers have individual serial numbers heat transferred into base material. This allows accurate age tracking on fixed asset registers.

INFECTION CONTROL

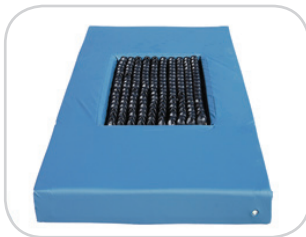

1. Fully welded seams
2. Reinforced waterfall flaps
3. Water resistant zippers

LIFECOMFORT WITH SAFETY SIDES

This mattress features unique side walls that extend up above the height of the mattress providing security for the patient. European fabric cover has fully welded seams and water resistant zippers with reinforced waterfall flaps for optimum infection control.

Code	Description	Length	Width	Height	Safety Sides Height	Warranty	S.W.L
BEM046475	Lifecomfort with Safety Sides	1940mm	900mm	130mm	220mm	5 Years Foam 2 Years Cover	120kg

LIFECOMFORT PRESSURE REDUCING WITH ROHO CUT OUT

Designed to accept the standard size ROHO mattress section (BEM636320). This allows for additional pressure relief in the pelvic section of the mattress providing the ultimate in support, comfort and pressure reduction all in one. The foam mattress also features a 4 layer foam design, side walls and two way fully welded waterproof stretch cover.

Code	Description	Length	Width	Height	Warranty	S.W.L
BEM046720	Lifecomfort Pressure Reducing with ROHO Insert Cut Out	1940mm	900mm	150mm	5 Years Foam 2 Years Cover	150kg

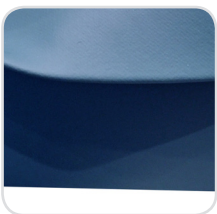

HIGH QUALITY MATERIALS

The Lifecomfort Mattress range is manufactured in Australia using the best quality materials available.

FOAM:

The foams used in our mattresses have passed the most stringent industry testing including Pressure Mapping, using the X-sensor device. All of our mattresses are treated with Purify™, a performance anti-microbial which is incorporated into foam during manufacture to produce a long-lasting, cleaner and fresher product. Purify™ helps prevent and control odour-causing bacteria and degradation that can be caused by mould and fungi.

COVERS:

“CARRFLEX Bi-elastic” is a PU coated fabric having a fire retardant and antibacterial polyurethane coating on a 2-way stretch polyamide base fabric. It has been specifically designed for use in the medical mattress market.
