Rollators**

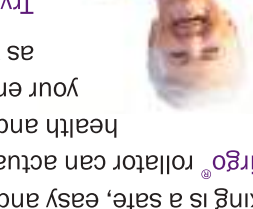

2012

Feeling good, staying active and enjoying your life is important at any age. Knowing that you can get up and go anywhere at anytime is vital to your independence and enjoyment of life.

Airgo® rollators are developed with this in mind. Offering more than just basic support, **Airgo®** rollators provide you with the ultimate in comfort, convenience, stability and security.

Walking is a safe, easy and effective form of exercise; an **Airgo®** rollator can actually help to improve your health and may even increase your energy level over time, as you walk.

Try one today and feel the difference with every step!

Only **airgo®** features **Ergo-form handgrips** that fit much more comfortably and place your hand at a natural angle for better brake access. They allow you to reach and grip the brakes without shifting, allowing for better control and added safety.

☐ *All models (except Navigator)*

Feather-touch brakes for easy manoeuvrability.

The **Ergo-Back** is simply the most comfortable rollator. It features an ergonomically shaped soft padded cushion made from high density foam. The **Ergo-Seat**'s ergonomic shape and high density foam cushion with laminated memory foam on top provides unrivalled seating comfort. Its unique design distributes weight effectively across the entire surface, reducing average pressure measurements by as much as 70% over most rollator seats.

The Contoured Backrest provides full back support.

Real Life Engineering

At AMG, we do our best to produce the most reliable rollators possible. Your Airgo® Rollator is guaranteed to be free from defects in materials and workmanship. This commitment demands that our products are engineered to last, but more importantly, it allows you the freedom and confidence to get up and go, anywhere, anytime!

As well, we encourage and solicit user and retailer feedback so we can learn and see how to continuously improve and refine our rollators. We call this “Real Life Engineering” and it means that Airgo® Rollators are getting better every day.
